

The winter trout have arrived! We split 1550 pounds of rainbow and brook trout (with a handful of browns mixed in) between Holland and Wyatt Lakes on Wednesday, 4 December 2024 (900 and 650 pounds, respectively). Most of the fish were in the 11-16” size class. The fish were in outstanding condition at the time of stocking. Creel limit is 3 fish per day per angler. Please email
